Brain-A-Thon with John Assaraf

RE-TRAIN YOUR BRAIN AND UNLOCK YOUR TRUE POTENTIAL!

Change the way you think, feel and behave to instantly become more successful!

John Assaraf's Vision:

To help millions of people believe in and utilize their God-given abilities and to provide them with the environment and resources to acquire the confidence, certainty and personal power to achieve their life's purpose and goals.

John Assaraf is a serial entrepreneur, brain researcher, and CEO of PraxisNow, a brain-research company that creates some of the most powerful evidence-based brain retraining tools and programs in the world. A relentless explorer of consciousness and human behavior, John's passion is discovering and teaching people how to release the mental blockages that hold them back from achieving their fullest potential.

Thousands of companies, entrepreneurs and individuals worldwide are currently using PraxisNow programs to develop unstoppable confidence, certainty and the personal power needed for achieving their goals and vision.

In the last 25 years, John has grown 5 multi-million dollar companies in real estate, Internet software, brain research and life and business coaching and consulting. He's the author of 2 New York Times best-selling books, *Having It All* and *The Answer*.

John has appeared on almost every major TV program such as *Larry King Live*, *Anderson Cooper 360* and *The Ellen Degeneres Show*, and was featured in the blockbuster movie and book *The Secret* and in the special documentary *Quest for Success* with the Dalai Lama and Sir Richard Branson.

Today, John researches, writes and lectures extensively around the world on the neuroscience of success and achieving maximum performance.

NeuroGym with John Assaraf

Every year the emails come announcing the procrastinators procrastinating one more time? and we all laugh. If you wrestle with keeping priorities and lists, and staying on target and achieving your goals; if putting off till tomorrow is ruining the quality of your life? the solution is easier than you think.

These 5 brain researchers explain how new discoveries prove you can retrain your brain and overcome old issues like procrastination, low self esteem or self worth faster and easier than ever before AND how you can put it to work in your own life today. You deserve this & it costs nothing, so don't put it off?
